n. 06. 15-08-2015

E-mail : associazionelorber@alice.it

Dear Lorber's friends from all over the world,

we publish the e-mails that came to associazionelorber@alice.it.

It will follow Wilfried Schlätz's interpretation about the "NATION" where the imminent **SECOND COMING OF JESUS 'ON EARTH** will be taking place.

Finally there will be an appeal to send offers, otherwise this initiative to "bring together the friends of Lorber around the world" will have to finish already at the 7th edition In Your generosity we do trust.

E-mail came to associazionelorber@alice.it

(We invite you to the send e-mail with your photo)

1) Wilfried from HOLLAND:

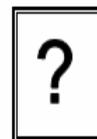

Egregious dear Joseph,

I am extremely pleased that the JOURNAL JAKOB LORBER will be published also in Dutch.

So now I beg you to send me the journal - if possible - no more in German, but only in Dutch.

Best regards and thank you!

2) Innocenzo Pisano from ITALY:

Dear friends,

I would like to inform you that with the **evangelical ointment** I healed atrial fibrillation in my father's heart as evidenced by the tracks (files attached) of the electrocardiogram that the emergency department released.

The facts: my father fainted and the emergency room did 1 electrocardiogram with fibrillation, but after only three applications of the **evangelical ointment**, prepared by me, we repeated the electrocardiogram and the heart was again regular to the surprise of doctors.

Very important note: the wine and the oil must be organic, i.e. they must not contain sulfites or other additives, and, even more important, they must not have been exposed to polluting radiations, such as mobile phones. This also applies to those who use mobile phones (best to use the headset).

Who has attained spiritual rebirth can see how the aura of the polluted oil or the wine are dark stained, blocking this way the healing of the sick.

Unfortunately in our time we have many pollutants we eat without knowing it.

I write this only to witness that all the medicine of Our Heavenly Father given to Lorber, is effective and always works, just respect nature and do not mix it with things outside of Nature that block it.

Peace be with you in the Name of the Lord.

Joseph's answers:

Our friend Innocent refers himself to the **arcane** described in the book GIFTS OF HEAVEN, vol.2, chap. 332. (HiG.02_44.04.13,01 - 13. April 1844),

Anyone wishing to receive the files of two electrocardiograms, can ask them to associazionelorber@alice.it

3) Bernhard from ROMANIA:

JAKOB LORBER INTERNATIONAL n.05
Divine Procreation / Satanic Procreation

These bad images that you used are very drastic and are very similar to those of the Catholic Church of the 19th century.

Actually, I am ashamed to see this nonsense in connection with Lorber.

Just think about how many of the 7.5 billion people who are currently alive were conceived in the name of Jesus. The percentage is probably something ... 0.0000000000 per thousand.

The vast majority of people are therefore, in your opinion, "generated satanically" and have the look that you represent in these terrible images?

Most of all the people who have lived and who live on Earth, including me, are begotten therefore out of an act of lust of our parents. Show these people so generated as satanic monsters, is to me totally wrong. Stupid, arrogant, completely unrealistic and even completely counterproductive.

I do not know your whereabouts, but I only see people around me that were definitely "satanically generated", but still have an **inner and outer beauty**. Distant from these monsters, that you think to see.

Spiritual healing and heliumpathy

Joseph's answers:

Dear Bernhard,

first I inform you that you sent three letters, but due to the expensive costs of translation it will be published "one in every journal ."

In this your first letter, I say that I'm sorry you are "ashamed of the Lord", because the images that you are so much scandalized at are the "*visual representation of His own words.*"

In this letter of yours you said that in this world ALL are begotten in lust, but nevertheless "**you see them all beautiful within and without**"!

Unfortunately, the Lord sees almost all of them HORRENDOUS, just as they were drawn in the previous journal, that you have called "stupid" and so on.

Here is, as a matter of fact, what the Lord says to ALL those who procreate children for their own sexual pleasure and not for the divine purpose, and that is to create the future "children of God".

Lucky you to "see everything BEAUTIFUL", while the Lord "sees everything HORRIBLE".

And the proof that everything is HORRIBLE is the **imminent Return of Jesus on Earth**, however, preceded by the **Step of Purification of humanity**, namely the elimination of those BILLIONS of "monsters" that you instead see as "angels".

About parenting

*Oh Lord, how should children be educated, that they may become apt to be called **Your children** one day?*

1. Now, therefore, write! - This is a good question, well placed, for which I want to give you a firm and complete answer. But if I give you a proper light in this, beware to become faithful shepherds of your little flock, which was given to you from the lowlands to be taken on the height of all humility, and so on the way of all life, through the bright fire of My love. But it will cost a lot of effort, and this effort will have **to atone for your carnal pleasure, which many times you have practiced with your wives, so your children were given the dress of a prostitute and a monument in the destroyed Jerusalem, and a broad and deep tomb under the rubble of Babel.**

2. Because you see, if you were born again from the Spirit of My Love, then you would have been able to purify the virgin you asked for wife first in rivers of living water, which would have gushed out of your being with infinite abundance. And so yours would have been a celestial marriage, and your children (begotten in the pleasure of the angels, that is a true union of love with wisdom) would then be children from the heavens and would be already half reborn. In them the spiritual seed would sprout soon to become a fruit of the new land that is placed in the large gardens of the New Jerusalem. And upbringing would have become for you a great joy in the presence of your Holy Father.

3. But now **since you have contracted your marriage in the darkness of the world to do the works of death and generate fruits of hell, who are your dear spoiled children**, so it is difficult to remove the poison from the **brood of snakes**. And this can not happen in any other way, except with the **total mortification of the flesh** and the full capture of the will, because the **stubborn will of such children is purely infernal or satanic**, since there is not even a spark that was from heaven.

4. However, if you believe that I here say too much, then I sanse you: Look at your **brood**, and you will find nothing but: **Selfishness, envy, anger, laziness, unwillingness to anything serious, and a secret decided hatred of everything divine**, that's the reason why only through punishments or conspicuous [worldly] rewards can they be induced to learn somehow some lean sentences out of the hard catechisms.

5. And so now, if you have found this in your children, then you should say and openly acknowledge that now I tell you this only out of my immense Love, for the salvation of your children and of yourselves [that is] **that your children are true children of Hell!**

(Below is a description of HOW DIFFICULT IT IS TO "SAVE THE SOUL TO THE CHILDREN BEGOTTEN FOR ONE'S SEXUAL PLEASURE AND NOT FOR HEAVEN)

[HiG.03_40.06.17]

Answer.

13. And see, at the same time also **by the Hell** are placed already during **[natural], procreation, especially if this was set, in order to achieve a sinful, purely animal fulfillment, a quantity of bubbles of hellish love** in the zone of the belly and of the sexual parts. These bubbles then, with My Love, are also given birth around the same time. As the caterpillars in the spring when the sun is hot, so this brood with the rising heat of My Divine Love [is given birth] in the human spirit.

14. You see, therefore, there come along next also the temptations, because each of these beings **given birth to by Hell** is incessantly attempting to intervene in any possible way in the soul's life. So if man does not strongly oppose himself to the **beasts** of his own will, with the new love born out of God, then **they spread far and wide playing havoc among all organs of the soul**, and they firmly settle down like swallowing up polyps at the pints where the spirit must flow in the soul, and so they prevent the soul from receiving life from the spirit, and life from the Divine Love through the spirit as well. Now when the spirit sees that it can not expand to accommodate in itself an abundance of new life that comes from God, it retreats back into its dumb bubble; and even more so does My Love, that here is God in men, retreat in it.

15. And once this has happened in man, **he becomes again purely natural and extremely sensual, and also lost**, because he does not know that such a thing has taken place in him. In fact these beasts at the beginning seduce calmly and pleasantly man's senses, and so gradually they completely capture him, so that **man, of all that is of the spirit, knows, sees, hears, tastes and smells and feels absolutely nothing more.**

*(Below is a description of WHAT needs to be done to save this **procreated being for ONES'S OWN SEXUAL PLEASURE AND NOT FOR HEAVEN**).*

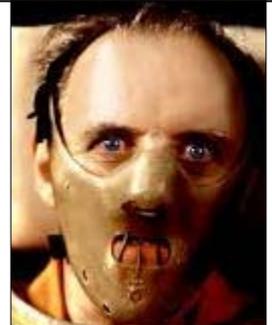

Dear Bernhard,

if you live in your fantasy world "that sees everything nice", I live instead in the real and evil world where every day MONSTROSITIES do occur.

I invite the readers to be "**increasingly on the watch**", because each of us could happen to be approached by **monsters**, which could also be our neighbors or **quiet and good** people, **but which - inwardly – have remained devils since their birth, mainly due to the hellish procreation, that is for sexual pleasure.**

EXAMPLE No. 1:

A 38- year-old Nepalese was arrested in the Dang district on charges of cannibalism. **He killed a woman and then ate the internal organs.**

EXAMPLE No 2. Faces of serial killers that have killed hundreds of people:

EXAMPLE No. 3:

Andrei Chikatilo was definitely the most ruthless serial killer in Russia: he murdered **55 children, girls and women**, he stabbed them, he **pierced their eyes, cut off his fingers by biking them, ripped their hearts and swallowed their nipples.**

EXAMPLE No. 4:

The fanatics of ISIS burn alive their enemies, while in Syria the devils of ISIS dismember women.
(NOTE: the image of a dismembered woman is not published because it is too horrible).

In the world EVERY DAY the worst monstrosities take place, along with murders, rapes of women and children (pedophilia), etc., etc.

People who commit such monstrosities, seemed outwardly calm and good people, whereas inwardly they were devils.

Lucky him, Bernhard who "sees all beautiful within and without".

4) Hein e Christine Badenhorst from SOUTH AFRICA:

Hallo Giuseppe,

We are very glad to meet with friends of Jakob Lorber around the world! The Jakob Lorber Magazine is A GREAT idea and we would love to receive it every month. We are from South-Africa and are Afrikaans – speaking.

Do you have somebody that translates to Afrikaans? If not, we are more than willing to help with that. There are no words that can describe our gratitude and love for Yahshua for giving HIS Word to us through Jakob. True to HIS loving Word, HE has sown HIS seeds of love in our hearts and it has germinated and has grown to beautiful fields full of fruits and waters of peace, rest and the most wonderful, fantastic movement! We rejoice with the angels and every brother and sister on this earth in the LIGHT! YAHWESHUA, OUR NEW REVELATION, GIVES LIFE TO EVERYONE WHO INGESTS IT WITH HIS WHOLE HEART!

Thank you for coming in contact with us in the flesh. We are in contact through HIS SPIRIT and send you Love, Peace and Blessings!

Will you please be so kind to send us all previous magazines (from the first magazine) as well.

Joseph's answers:

Thanks to Hein and Christine for the kind words, by all readers of JAKOB LORBER INTERNATIONAL.

5) Gerd Gutemann from GERMANY:

Dear Joseph,

thanks for sending the latest report.

On sexuality, I would like as an integration / expansion to refer the readers to my extended compositions titled: "(Not) Sexual Freedom – Is it allowed what we like?"

There is published virtually everything that can be found in Lorber on the subject, under <http://www.j-lorber.de/sex/index.htm>.

You can use all the texts gathered there for your planned book on this topic.

Due to the rapid Islamization, impending on Europe, it would be important, in my opinion, to deal with the topic of Islam in a differentiated way from the point of view of Jesus' new revelations. Since Islam claims to be able to count on the literal revelations of Allah through Muhammad and at the same time ignore / reject the Bible and the New Testament by laying charges of too many distortions, Jesus-Jehovah's literal revelations give probably the most appropriate answer to all these distorted doctrines existing in Islam and to the consequent hellish effects.

Although in Lorber not much is directly mentioned on Allah, Muhammad or Islam, there are the new revelations appropriate to almost all the statements present in the Koran but which mostly contradict them. In particular, the NR puts so unequivocally and directly clear who is in reality under the name of Allah and that Allah is not therefore in any way identical to Jesus-Jehovah, as it is still widely believed.

I started under <http://www.j-lorber.de/islam/index.htm> to publish continually such reasoned comparisons between Islam and new revelations.

Best wishes.

Joseph's answers:

Dear Gerd,

thanks for your help. I hope to learn a bit 'of German in the future and thus be able to read your site.

I also hope that in your new "Islamic site" (<http://www.j-lorber.de/islam/index.htm>), there are **NOT** those revelations that the Lord has communicated to Lorber about Muhammad and Islam, **as You would put at risk all the Worldwide Lorber's seats**, beginning with the German Lorber Verlag.

As a matter of fact Friedrich Zluhan had "forbidden" the spread of the book THE TWELVE HOURS and the "third part" of the book THE EARTH, to prevent the killing of friends of Lorber worldwide by TWO powerful "Religious sects".

See for example the killing of the French journalists of "**Charlie Hebdo**", because they had made fun of Muhammad with their sketches.

If I were the owner of the Lorber Verlag, I **would forbid everybody** to "treat the subject ISLAM in the Lorber sites ", otherwise the fanatics of ISIS would kill the "lorberians", as they are NOW killing the "Christians".

Dear Gerd, please DO NOT write anything on Islam in the Lorber Sites, because it's like throwing a stone in a hive full of poisonous bees. And the journalists of "Charlie Hebdo" have understood this too late.

We want to spread the work of Lorber NEW REVELATION in **peace and security**.

Thank you very much.

6) Elisabeth Annau from GERMANY:

Dear Joseph,

In JLI 04, page 13 you, having many friends expressed themselves against the picture summary of the NEW REVELATION that was your intention, with a large "**STOP!**", you stated that "THE SUMMARY BOOK WILL NOT APPEAR 'IN THE JOURNAL".

Now I'm completely surprised that on JLI 05 however appears a first extract from this book.

But not only this. I was quite amazed to see that my contribution on the theme of sexuality, which I have sent only for an exchange between us spiritual brothers for JLI 05, ultimately serves the purpose I DID **NOT** want to give form to the summary book, against which I had already expressed myself in JLI 04 (par. 5, page 5)! I dissociate myself again and in a formal way from this book and I do not want my contributions and items meant for my spiritual brothers to be used for its processing and then me to appear as a co-creator.

I ask you now to make **substantial** clarity about what must ultimately serve the JLI: for the mutual exchange among Lorber's friends on the issues they are dealing with, or for the possibility of processing of our planned book and of its funding in this way.

Best regards.

Joseph's answers:

Dear Elisabeth,

the large "**STOP!**" NOT to publish the SUMMARY BOOK in the Journal will be respected, after the publication of the ONLY example on sexuality.

Regarding MANY who do not want this publication, it is fair to clarify that - at most - only **10 friends** said they were against, while the other **190** did NOT express themselves.

In this Journal no. 06 I wished to publish **in images** the "second and final part" of the summary on **sexuality**, but your letter has taken away my desire, and therefore I do NOT publish anything.

I would expect that **190 readers and readers** who have written to associazionelorber@lice.it would say: "**Joseph, WE ALL want the Summary-Book to be made and published in the Journal.**"

But if these 190 **silent** readers have NOT written to the Journal, it means that they **prefer to read only the words**, such as those which now follow and which relate to the Jesus' fight to overcome His sexual desire:

THE CHILDHOOD OF JESUS

[300,10] He [Jesus] fought the desire for women through repeated hard work, scant food, prayer and the company of wise men.

[300,11] Indeed – He had to endure a tremendous amount on this point, because His personal appearance and the tone of His speech were highly captivating,

[300,12] and this caused all the five exceedingly beautiful daughters of Cyrenius to fall madly in love with Him and vie among themselves to please Him.

[300,13] Although he certainly enjoyed such love, He always had to say "Noli me tangere" (Do not touch me) to each of them!

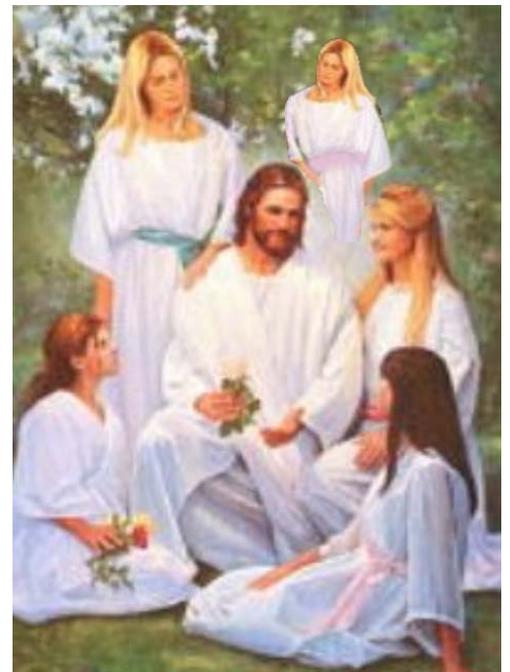

I, Joseph, was instead convinced that the MAJORITY would rather have **read the words alongside IMAGES**. (See this example, to be published in the future Summary Book:)

[300,10] He [Jesus] fought the **desire for women through repeated hard work, scant food, prayer and the company of wise men.**

[300,11] Indeed – He had to endure a **tremendous amount** on this point, because His personal appearance and the tone of His speech were highly captivating,

[300,12] and this caused all the **five exceedingly beautiful daughters** of Cyrenius to fall madly in love with Him and vie among themselves to please Him.

[300,13] Although he certainly enjoyed such love, He always had to say "Noli me tangere" (**Do not touch me**) to each of them!

But considering that over **190 readers out of 200** did NOT say anything, then in this journal there will NOT be published **ANYTHING** more of the future Summary Book.

Dear Elizabeth, about your contribution on sexuality, I have to say that it was useful but also incomplete. In fact if you were the only one to write to this journal, you would have taught all the readers that "**sex WITHOUT procreating children is sin**", but instead thanks to 20 other scholars worldwide A revelation was found that "**allows for sex without procreating and without sinning**"

And now it is appropriate to publish this revelation:

[GEJ.02_210,17] With such cleansed soul it can **occasionally** still happen, - if its hell, i.e. if the body asserts itself hedonistically, thus it enters into its own hell, so-to-speak **entering into the lusts of the body and its spirits**. Such souls can no longer be made completely unclean, being unclean only for as long as indwelling the mire of her bodily spirits; but they are no longer able to tolerate it therein for much longer, **returning soon into their completely pure state, whereupon they are again as pure as if they had never been unclean**. Therewith they had for a time restored peace and order within their hell, being afterwards capable the more to move about and fortify themselves within the light of their spirit.

As you can see, the more **scholars** take part in this journal, and more COMPLETE and RELIABLE is the theme which is being published.

If there was NOT this journal, you would have continued to say at your Meeting: **"You have got to have sex ONLY to beget children, otherwise it is sin."**

NOW, however, you have found out that you were teaching something wrong.

And yet, you are still opposed to a picture summary book, and that is to a book that would have shed light on several topics, a light that many are still searching for at the Meetings asking the experts worldwide for it.

That's why I wanted to **"unite ALL the scholars of the world to make a masterpiece"**, and that is a Summary Book to explain lots of things that many have NOT understood yet.

But I see that almost NOBODY cares for this Summary, since we find it fair that "our **very elderly experts** to take with them in the grave things that they have worked out after 50 years of learning and to leave the countless others in the dark."

7) Wilfried Schlätz from GERMANY:

The personal return of Jesus (JLI-8)

1. Please read intensely the entire chapter 9.GEJ 94!

2. [GEJ.09_094,06] *Once My Doctrine is brought in this form [press, internet] among the people who are of good will and living faith, and when at least $\frac{1}{3}$ of the people [whether $\frac{1}{3}$ of 7.5 billions **before** or $\frac{1}{3}$ of 3 billions **after** the Great cleansing till up to more than the half ; 3.HiG; 6.Apr 1849; S.491, V.99], **know about it**, [the works of Jesus by Jakob Lorber]. *I will also come here and there, **personally and bodily visible**, [in a material auxiliary body exactly like Raphael, according to 8.GEJ 137] to those who will love Me the most and have the greatest desire for My return, and who for that reason will also have full and living faith.**

[GEJ.09_094,09] **But in this land where I am now persecuted like a criminal from one place to the other by the Jews of the temple, which in those days will be trodden by the most darkened heathens, I will not personally appear once again in order to teach and comfort the weak; it is in the lands of another part of the world, now inhabited by heathens, that I will found a new Kingdom, a Kingdom of peace, of unity, of love and of always living faith. Fear for the death of the body will no more exist among the people who will walk in My light and who will always be in constant contact and relation with the angels of Heaven. Here you have now a real answer to your question.**

[GEJ.09_094,10] The scribe said: "Will not Asia, the ancient cradle of men and of the many blessings of God, have any longer the fortune to see and hear You when You return to this Earth? This is truly not a happy news for this part of the world."

[GEJ.09_094,11] I said: "The Earth belongs to Me everywhere, and I know in which place My return will be the most beneficial for the whole Earth! At that time however, men will be able to understand each other from one end to the other of the Earth so fast as the lightning that strikes from a cloud.... So then it will be possible to spread easily the message of My personal return in a very short time over the whole Earth, and thus also in Asia.

[GEJ.09_094,14] **There is a very big country, in the far west** [at the west of Israel, therefore beyond the Mediterranean and in particular beyond the Atlantic] that is surrounded on all sides by the great world Ocean and which is, across the sea, nowhere in connection with the ancient world. [it can be referred only to America = North and South America!] From that country, first the people will come to know great things, and they will also come up in the west of Europe, and from that, there will be a bright shining and a countershining. The lights of the Heavens will meet, recognize and support each other.

Jesus will appear therefore in a material auxiliary body as once Raphael did in North or South America personally visible as a young man (about 33-year old), that is, He will teach and comfort the weak and will found a new Kingdom and precisely in the places where His personal appearance, materially visible for all the Earth will have maximum effectiveness. And this personal appearance of Jesus will be spread by all the media (TV, Internet) scattered all over the entire surface of the Earth! Then there will also follow His personal appearance in Western Europe!

Very few people will recognize Him and believe in Him! But friends of His NEW REVELATION through Jakob Lorber will recognize Him immediately by His Words and Actions!

Joseph's answers:

Dear Wilfried,
according to your interpretation, the imminent return of Jesus should happen in **America.**

My hypothesis, written in the book "End of the World by 2031" published in 2009, is the same as yours, i.e. I wrote "America" as well.

I had also considered AUSTRALIA, since in a Web site it is written: **AUSTRALIA**, also called the "**New Continent**", is the only country in the world to be entirely surrounded by the Pacific Ocean. " I do NOT believe however that this information is correct, since in other sites there is also the Indian Ocean.

However, let's hope we are still alive, when will this great EVENT will be taking place.

Thanks for your help.

"HOW" – "WHERE" – "WHO" WILL LIVE IN THE IMMINENT "NEW ERA" OF PEACE AND LOVE ?

We invite **scholars** to submit their "interpretation" regarding the following important Revelations describing "HOW" - "WHERE" - "WHO" WILL LIVE IN ' THE IMMINENT "NEW ERA" OF PEACE AND LOVE.

Wishing everyone to be part of this NEW ERA, we also publish TWO paintings, out of 28, of the Austrian mystic Maria Maddalena Hafenscheer, who communicated in images that event.

We thank in advance the scholars who will send their views, which will be published in the next journal no. 7.

[GEJ.09_046]

The judgment on paganism

[1] Now My old disciples said: “Lord and Master, You have promised us that, while we are here, You would tell us more about it. Thus, do it now, since it probably is now the best moment for it.”

[2] I said: “When it is the best moment, I surely will know best. And besides, I already have told you already a lot about it, what will certainly also happen, for I may change nothing to the free will of man – and you cannot change it also.

[3] However, with My birth, the judgment of the heathens has already begun everywhere. It now continues increasingly and will still continue for almost 2.000 years until the full light among the people on this Earth.

[4] As you can see now in the morning sky how all kinds of clouds are forming and are piling up at the horizon as if they want to stop the rising of the sun, so also great numbers of all kinds of obstructing clouds will rise up sky high against the coming great rise of the eternal and spiritual sun of truth, and will do great harm among the people. But they finally will not be able to stop the great rise of the sun of truth.

[5] You just have seen many beautiful stars shining in the sky, and also in the west you have seen stars that were glittering deep into the night. Look, these preceded as good messengers the still visible messengers of the morning and worked during the night. And that is now your task.

[6] However, when brighter morning messengers will come up at the spiritual morning horizon, then this will be a sign that the great and general sun of life and truth will soon follow. Its very bright light will be a relentless judgment for all lies and deceit that together with its followers and worshippers and its great worldly pomp will be slung into the abyss of contempt, righteous wrath and forgetfulness. For then, the enlightened people will not think back anymore about the deceit and the judgment that lasted so long.

[7] But already now you can observe quite well that the mass of clouds that looked so threatening black is having golden edges that are lightening up. So you also will notice during that time that the people who shortly before were still totally dark and true enemies of the light of truth, are from all sides more and more enlightened and are becoming brighter by the light rays of the truth. And further also, radiating themselves, they become enemies of the old lie.

And such enlightening by the sun of truth out of the Heavens which is drawing near to its full rise, will be My sign of the Son of Man for all true people on Earth and the beginning of the great judgment on the harlot of the new Babylon.

[8] Then those who love the truth will burst out for joy and will praise Me, for I already have sent them before the sign of My rise at the sky of the inner spiritual day. But the enemies of the truth will start to wail and gnash their teeth, and they will – as far as this will still be somehow possible – try to hide themselves into dark corners, together with their continuously decreasing number of followers, which will however be of no use to them, because when at that time the full sun of truth will have risen, its light will totally enlighten all dark corners and holes, and the enemies of the light will no more find, nowhere on the whole Earth a place of refuge.

[9] I Myself will however be in that sun as the eternal Truth, and by means of its light I will be ruler and leader of the people's life and of their temporary, spiritual and eternal destiny.

[10] And by this I have shown you now the full and well understandable truth about the great judgment of the new and the old paganism. But for the sake of the people I will give you another image that you also can tell the people, but not without the right explanation. Let us now quietly continue to view this morning scene.”

[GEJ.09_047]

The future of Rome and of the antichrist

1. After about a quarter of an hour when we all were looking with great interest at the morning scenes, I said again to those who were present: “Be attentive now to all the images that will appear before the full rise of the sun, because I want that you also will see with your eyes how everything will develop during the last time of the new paganism.”

[2] Now all of them were turning their eyes with doubled attention to the east. It was still quite half an hour before the full sunrise, and thus still many images could develop before the eyes of the disciples who were watching.

[3] Firstly one could see in the distance a thick and completely black mist arising from the horizon. When this had reached about 7 times the height of the faraway mountain range at the horizon, it soon seemed to glow, because countless flashes of lightning were shooting through it, so that all those who were present, thought that a terrible storm was now raging there.

[4] However, I said: “You may worry about something else, for apart from us, no one can see anything of this phenomenon.”

[5] Then they all continued to look on to see what else would follow.

[6] And look, on the upper black edge of the mass of mist that was completely glowing by the many lightning appeared a big city.

[7] And I said: “Look at the image of the new Babylon.”

[8] Then Agricola said: “Lord, that looks very much like Rome. I merely can see a great number of ruins around the city, and in the city itself, besides those buildings that I know very well, there are also a great number of new buildings and temples of which the front is strangely decorated with crosses. What does all that mean?”

[9] I said: “Look, that is the fall of the old and at the same time the beginning of the new paganism. Already within approximately 500 to 600 years, counted from now on, this is how it literally will look like. However, keep on looking at the image now.”

[10] Again all of them were looking attentively at the image of which the scenes were quickly developing one after another. And look, one could see great migrations of the nations and many fierce battles and wars, and in the middle of the city one could see something that was arising as high as a mountain. On the mountain stood a high and big throne that looked like as if it was made of glowing gold. On the throne sat a ruler with a triple crown on the head and with a staff of which the top end was decorated with a triple cross. Out of his mouth came countless arrows, and out of

his eyes and out of his chest countless lightning of anger and very great pride was also shooting out. And kings came to him of whom many bowed deeply before him. He looked friendly at those who were bowing like that before him and he confirmed their power, but those who did not bow before him were persecuted and greatly harmed by his arrows and lightning.

[11] Now Agricola said: "Lord, this does not look too good for the later rulers over the new Babylon. It seems that their power will be greater but also much more cruel than it is now. Because now, only the worst criminals are punished with the cross, but only with a single cross, but he there is actually holding before all kings not less than a triple cross in his ruling hand. Lord and Master, do explain this somehow to us."

[12] I said: "This does not represent a special ruler over many nations and people, but only the visible personality of the antichrist. That triple cross stands for My teaching, which during that time will be imposed triply falsified before the kings and their people. False in the word, false in the truth and false in the real application of it.

[13] However, the kings who do not bow before him and whom he curses are those who are still more or less possessing the truth of the old teaching. His arrows and lightning are indeed reaching them, but these cannot much harm them. But continue to look at the image, for I only can show you therein the most important moments."

[14] Now all continued to look on with great attention.

[15] (The Lord): "Look, many kings, who earlier bowed very deeply before the one who sits on the throne, are gathering their armies and are marching against him. Look, it leads to an embittered battle, and his exalted throne is sinking already quite a long way down completely into the city, and you only can see a few kings who so to say are only bowing before him for form's sake while now there are a lot of arrows and lightning that are sent back by the many other kings who have become unfaithful to him. But now, almost nothing can be seen of him, and this will happen after 1.000 to 1.500 to 1.600 and 1.700 years.

[16] But look again now. Look, he is trying to exalt himself once more, surrounded by black gangs, and a few kings are stretching out their hand to help him, but look, those who are doing that are soon becoming powerless, and their nations are pulling off the crowns from their heads and are giving them to the strong kings. And look. Now his throne sinks down, and the strong kings are hurrying towards the place and are dividing it up into several pieces. And so, all his might, pride and greatness is going to ruin. Although he still slings arrows and weak lightning all around him, but those are harming no one anymore because most of the time they are returning to him and are injuring him and his weak and dark troops.

[GEJ.09_048]

About the 1.000-year Kingdom.

On the birth of the "new" spiritual Earth.

1. But you can see now that the sun is already penetrating everything with its light, and you can see the dark troops fleeing in all directions, but not to the place from where the sun is coming. Everything disappears now for its light and sinks into the kingdom of forgetfulness.

[2] But look now again, then you can see how out of the little clouds a new Earth is developing. What do those little clouds mean? Those are the people who have united together who are totally enlightened by the godly truth. And look, now these communities are coming closer and closer to one another and in this way they are forming one great community. That is the new Earth above which a new Heaven is spreading out with full light and clearness.

[3] You must however not think that by that this natural Earth will perish and would be changed into a new one, but only the people will create with each other in My name a new spiritual Earth, because they are accepting completely the godly truth as true brothers and sisters.

[4] Then I Myself will be and rule on this new Earth among those who are Mine, and they will fellowship with Me and will never more lose sight of Me.

[5] But now look in the mean time also to the old Earth. See how from the new Earth more and more dense streams of lights are floating downwards to the old Earth, and so they are igniting it in such a way that it looks like to be in a blaze. There you can see a lot of dead people who are coming as it were out of their graves and are going to the light. See how they soon are clothed with the garment of truth and are then floating upwards to the Kingdom of the new Earth.

[6] But at the same time you can notice also that still a very great dark part of it are also making effort to put on the garment of light above their black garment to make from it and with it again a new anti-Christian paganism out of self-interest and lust of power. But I Myself am letting My wrath – that means the fire of My truth – to break loose, and My angels of the new Earth are throwing themselves as it were with flaming swords on them and are chasing every further dark attempt on the run into the abyss of total destruction.

[7] This is the very last and greatest judgment, a 1.000 years later. That time will be called My 1.000 year Kingdom on Earth, which will be once more interrupted by war for a very short time by this very last judgment. But the victory will be quick and complete for all future times. From that time on there will be for the Heavens and the Earth one Shepherd and one flock. The Shepherd will be, as always, Me, and the flock will consist of the people on Earth, completely united with the blessed ones in My Heavens.

[8] These last mentioned ones will fellowship visibly with the people on Earth, just like it was before during the ancient times of the people on this Earth. But before that will happen, also the natural Earth will experience very drastic changes. Big countries and kingdoms, which are now still covered by the great and deep sea, will be lifted up as very fertile soil, and many mountains that are still high now will be lowered. Their tops that are crumbled off will fill up a great number of deep canyons and valleys and produce fertile land.

[9] Since the people during that time will no more covet nor pursue perishable treasures, 100.000 times as many people as now will be able to live very well provided and happy on Earth. Together with that, every evil disease that tortures the flesh terribly will during that time also disappear from the Earth. The people will cheerfully reach a high age and will be able to do a lot of good works, and nobody will be afraid for the death of the body for he will see clearly before his eyes the eternal life of the soul.

[10] By the performance of good works it will be essential during that time that the children will be educated in the right way and that the one who is physically strong will sustain the weak elderly people as much as he can.

[11] On the new happy Earth there will also be marriages, but only according to My order as it is the case in Heaven, and also a great number of children will be begotten, but not by way of pure lewdness but by way of the true earnest of love, and this until the end of all times of this Earth.

[12] Here you have now a true image of the last judgment over all the heathens on the whole Earth, which is also very easy for you to understand.”

[GEJ.09_049]

**The mission of God’s children in the beyond.
The duration of existence of the Earth.**

1. Now the disciples asked Me: “Lord and Master. Will we be able to join to see and experience all this from the Kingdom of spirits? And how long will the happy Earth still continue to exist after that time till the complete end of its times?”

[2] I said: “Concerning your first question, it is of course obvious that you not only will be able to see, hear and feel all this very clearly from the Heavens, but then and for all times you also will be the most important leaders, and not only on the new Earth but also over the whole great Man of Creation and over all infinite many unions of all Heavens, which are limited nowhere throughout eternity.

[3] Therefore, I say to you once more that no human being has ever seen or heard, and that the spirit of no human being has ever experienced what God has prepared for those who truly love Him.

[4] I still could tell and also show you many things but you cannot yet bear it now. However, when the Spirit of all truth and all life will come over you and you will be reborn into it, it will guide you into all depths of My light and will exalt you. Only then you will understand and perceive what great words I have spoken now to you, and through you, also to all human beings.

[5] Concerning your second question, this is still quite silly, for our arithmetic has no figure by which one could express the more than many earthly years that will last until the end of the Earth. And even if that would be possible, this will make absolutely no difference for him who will continue to exist eternally in the spirit.

[6] I say to all of you: of such an eventual appointed time and hour not even an angel in Heaven knows anything about it. Only the Father in Heaven knows. Because the whole creation is His greatest thought, which is however not a thought of time but it is an eternal thought, and at the same time He is the almighty carrier and preserver of it. Recently I have told you that finally all the material will be changed – but as independent being – into something purely spiritual. And so it is no more necessary to tell you anything more about it.

[7] But rather look now at the beautiful nature at the beginning of the day, and see how the increasing intensity of the light of the sun is chasing away all the haze and darkness of the Earth, and learn from this that this will also be your work in future times, and this will be better for you than to inform too zealously after things which by far are not your concern now.

[8] Very often I have shown you already many things about which you should be concerned. About all the rest you should not be concerned in the least. Yes, I say to you that it is even useless and fruitless – if in your faith and love you are really devoted to Me – to worry about the coming day, what you will eat and drink and with what you will clothe your body.

[9] Does one not receive 100 sparrows for 1 penny on the market? Thus, how small is the value for the people, and nevertheless the Father in Heaven takes care of them and clothes them. You as human beings are surely more valuable than those sparrows.

[10] See those flowers of the field and the lilies. In his entire luster, Salomon was not clothed that beautiful as they are. And who is the One who cares for their garment? Therefore, all such worries from your side are fruitless, and even more fruitless are the worries about the future complete end of times of this Earth. Did you all understand this well now?”

[11] All of them except Judas Iscariot assent to it. He thought that it was not completely clear to him what I had predicted on the mountain about the last judgment of the heathens.

[12] I said however to him: “Go to those to whom it has become clear. What the Romans and gentiles were able to understand, should be for you as Jew and as old disciple certainly be understandable.”

[13] On this, he said nothing anymore and withdrew again, for he had noticed why I had given him such an answer.
