THE "JAKOB LORBER INTERNATIONAL" CLOSES

Dear friends,

THE JAKOB LORBER INTERNATIONAL has to be closed due to lack of donations. Out of more than **201 readers**, only 16 have sent some donations for the journal to be translated into 5 languages.

This means that the initiative to create a journal to "**establish a dialogue with Lorber's friends from all over the world**" has NOT been considered useful.

I heartfully thank those who have sent some donations through which the Journal has been published for seven editions.

Due to lack of donations for translations, in this last Journal no. 08 the articles of Klaus Opitz from GERMANY, of NON Wilfried from BELGIUM and of Christine Badenhorst from SOUTH-AFRICA have NOT been published.

Only this article of Wilfried Schlätz has been published, since it concerns our destiny and hope to take part in the impending New Era of peace and of love under the guidance of Jesus.

I wish it to you all.

Let's hope that someone else, better than me, will succeed into carrying out an INTERNATIONAL journal, in order to create a «Group of friends from **all over the WORLD** », and not like it happens now when there are separate groups in every Nation, each in its own language.

We have lost a great occasion. NOW we will get back to stay SEPARATE.

I HAVE NOT been able to get together the numerous "national particles" to create A "unique and great world entity".

I apologize if I missed my aim.

1) Wilfried Schlätz from GERMANY:

The Millennial Kingdom

1. Question:

How and where will this upcoming new era of peace and love and who will live in it?

2. Answer:

2.1. How?

[GGJ.08_048,03] *You must however not think that by that this natural Earth will perish and would be changed into a new one, **but only the people will create with each other in My name a new spiritual Earth,** because they are accepting completely the godly truth **as true brothers and sisters.***

[GGJ.08_048,04] *Then I Myself will be and rule on this new Earth among those who are Mine, and they will fellowship with Me and will never more lose sight of Me.*

2.2. Where?

[The time of purification will last] a little over four years [HiG.03_49.04.06,01], which will be a huge selection of all humanity up to more than half (about 4 billion) [HiG.03_49. 04.06,01], possibly due to a sudden collapse of the world's food production by 50%, caused by the climate catastrophe we have provoked before 2030 (not even 2000 full years since the year 30 AD). 6.GEJ 147.7; 8.GEJ 46.3; 8.GEJ 182.5; 9.GEJ 23.6.

[GGJ.05_110,06] *The Earth will therefore exist as it existed after Noah, and will bear My brighter children; **only the too greatly prevalent filth will be removed from it and come to another institute of purification, of which there is truly no lack in My eternally great kingdom and also of which eternally there will never be a lack.** But such beings will never be My children; because for that it is required to recognize Me correctly and love Me above all.*

Since the spiritual dirt that has taken over will be removed from all the Earth and will be taken to a different cleaning institution, then there will be the next Millennial Kingdom **all over the Earth!**

2.3. Who?

Since all the spiritual dirt that has taken over will be removed from all the Earth and will be taken to a cleaning afterlife institute, the small surviving half of the Earth (about 3 billion) will become the next inhabitant of the Millennial Kingdom!

May our Lord Jesus Christ bless us all.
